## **DETAILED ACTION**

### ***Election/Restrictions***

Applicants have not amended the claims to only the elected group. The restriction given in paper # 5 clearly indicates the J1 and J2 are unsaturated 6 membered carbocyclic rings. Applicants still have included the J1 and J2 to be saturated rings.

Claims 30, 31 and 40 are drawn to method of treating but they are not drawn to allergic and respiratory diseases only.

The rejection of claims 32-39 under 35 USC 112 has been withdrawn since applicants have argued convincingly that the bronchitis are all respiratory conditions.

The rejection of claim 25 under 35 USC 112 has also been withdrawn since applicants have amended the claims.

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,
